Q: What were the strengths of this course and/or this instructor?

1 Thoughtful. Well designed class.
   During class, the instructor goes around the class and discusses the design patterns we used in our projects and gives valuable feedback and it is great.

2 Great communication

3 The instructor addressed the topic clearly to the students.

4 Explaining all the concepts clearly.

5 Good course work, interactive sessions, and extremely helpful assignments and class activities.

6 good java knowledge

7 Kindness

8 One particular TA was bad. He himself doesn't know much but expects everyone to know everything.

9 Outside-box thinking was the best part of the professor. Prof. focused more on learning rather than just grades, it was cool.

10 Professor was very enthusiastic and willing to help anyone. The course itself has a lot of freedom to explore how to complete assignments.

11 Professor Dym was very understanding of the student perspective and I felt supported throughout the entirety of the course

### Q: What could the instructor do to make this course better?

1 NA

2 Course is already great!

3 Add an additional 1-2 assignments to explore more about the technologies.

4 Nothing

5 More clear questions in the assignemnt. Its better if they tell hoe they are grading

6 Bring more challenging assignments.

7 Could have given more collaborative activities like discussion, quizzes that may be done in groups.

Q: Please expand on the instructor's strengths and/or areas for improvement in facilitating inclusive learning.

1 the in-class activities even though they are small add up in the end and they are very useful. covering the design patterns and stuff one at a time.

2 Instructor set clear norms and commitments for student interaction contribute to a respectful, supportive, and productive learning environment.

3 I found the instructor to be extremely helpful and the instructor provided us with interactive assignments. Adding more such interactive assignments would help students more in the future.

4 well knowledged, friendly and supportive of our ideas

5 Strengths: Focusing more on learning

6 N/A

7 Professor Dym is a great lecturer with new ideas. She allows students to learn in a flexible manner while still maintaining the prominent ideas of the course

Student Self-Assessment of their Effort to Achieve Course Outcomes (9 comments)

Q: What I could have done to make this course better for myself.

1   I did well in this course and I am extremely happy with that.
2   I could do more research about other programming paradigm that wasn't taught in class and practice using these programming paradigms.
3   I could have done more projects using different design patterns.
4   I could have devoted more time which would have helped me more during the course period.
5   could have spent more time on assignments
6   be more interactive in class
7   cOULD HAVE INCLUDED CODING MORE
8   Allocating more time regularly instead of sudden bursts of time and energy.
9   Should have devoted more time to practice what I have learned in class.
